

Trail Rating

Please note that all trails will be impacted by prevailing weather conditions and will vary seasonally. Snow and ice are not treated during winter on any of our recreational trails. All our trails are recreational in nature and regardless of which trail you chose, you should be suitably prepared for being outdoors in a natural setting. The following guide is provided to aid your selection of trail to visit. You will see markers at key decision points.

- 1** Our most accessible trails: surfaced, obstacle free, no more than 2 km in length, are at least 1.5 m wide. Suitable for all users including wheelchairs.
- 1** Our easiest trails: generally flat, no more than 2 km. Surface will be firm with a few obstacles like tree roots, rocks etc). Steps either built or naturally occurring may be present.
- 2** Our moderate trails: steep sections and tight turns with an uneven surface. Steeper sections of steps or stairs (natural or built) may be present. Trails are up to 5 km in length. Rest points are infrequent.
- 3** Our most strenuous trails: Longer than 5 km, and uneven. Steep sections which may be more than 500m long. The trail may be narrow in places and may have some tight turns. Rest points are infrequent.

Hiking Trails

		Rating
Crawford Lake Trail	1 km	1
Pine Ridge Trail	3.6 km	2
Escarpment Trail	2.4 km	2
Woodland Trail	1.5 km	1
Nassagaweya Canyon Trail	4.7 km (Not a loop— 9.4 km round trip)	3
Snowshoe Trail	3 km	2
Bruce Trail	725 km
