## CONSERVATION HALTON FEES FOR OTHER SERVICES 2023

Effective January 1, 2023

### **Notes**

1. Solicitor, real estate, or appraiser inquiries for information specific to a PIN (Property Identification Number) will be charged the inquiry fee for each PIN.
2. The pre-application fee will be deducted from the cost of an application, **if** it is received within **one (1) year** of completing the site visit or technical review. Additional technical submissions received for review prior to a formal application will be charged separately and no additional deduction will be made.
3. A gross hectare is calculated based on the geographic extent of the study area.
4. When technical reviews of studies associated with an EA, EIR/FSS/SIS (or equivalent) go beyond two submissions, a graduated fee of 25% of the current fee (up to \$14,438) for the third submission and 50% of the current fee (up to \$29,458) for subsequent submissions will be charged.
5. Review fees do not apply for Region of Halton infrastructure projects as the Region funds a CH Regional Infrastructure Team.
